APPLICATION TIME FRAMES AND CONDITIONS

The application shall be submitted before any such change takes place, in order to enable the competent authority to determine continued compliance with the latest updated Basic Regulation and EU Air OPS 965/2012.

The application for the amendment of an Air Operator Certificate (AOC) should be submitted at least 30 days before the date of the intended changes.

In the case of a planned change of a nominated person, or a safety manager, the operator should inform the competent authority at least 20 days before the date of the proposed change.

Unforeseen changes should be notified at the earliest opportunity, in order to enable the competent authority to determine continued compliance and if necessary, amend the AOC and related terms of approval.

For all applications, it applies that the more complete documentation that comes with the application, the shorter processing time.

After Application, the competent authority will verify the organization's compliance with the applicable requirements before issuing the approval. If necessary, the competent authority will prescribe the conditions under which the organization may operate during the change, unless the competent authority determines that the organization's certificate needs to be suspended.

The change shall only be implemented upon receipt of formal approval by the competent authority.

The full documentation must be attached
